

Adding Cisco WebEx Chrome Extension

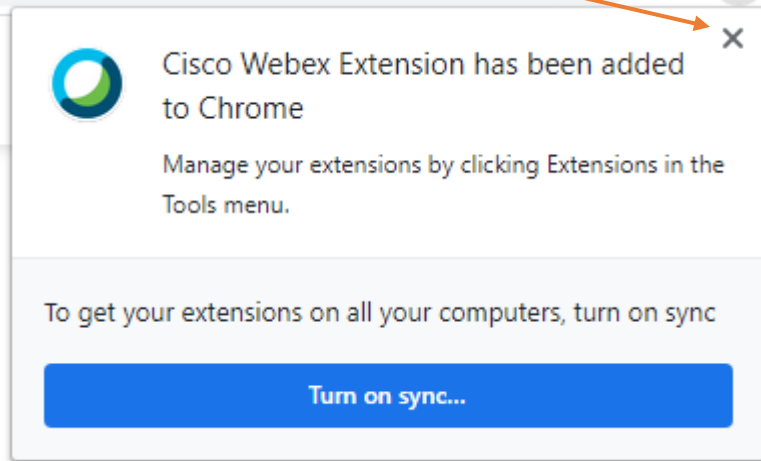

1. Open Chrome Browser and in the search bar/wesite url type: chrome webex extension

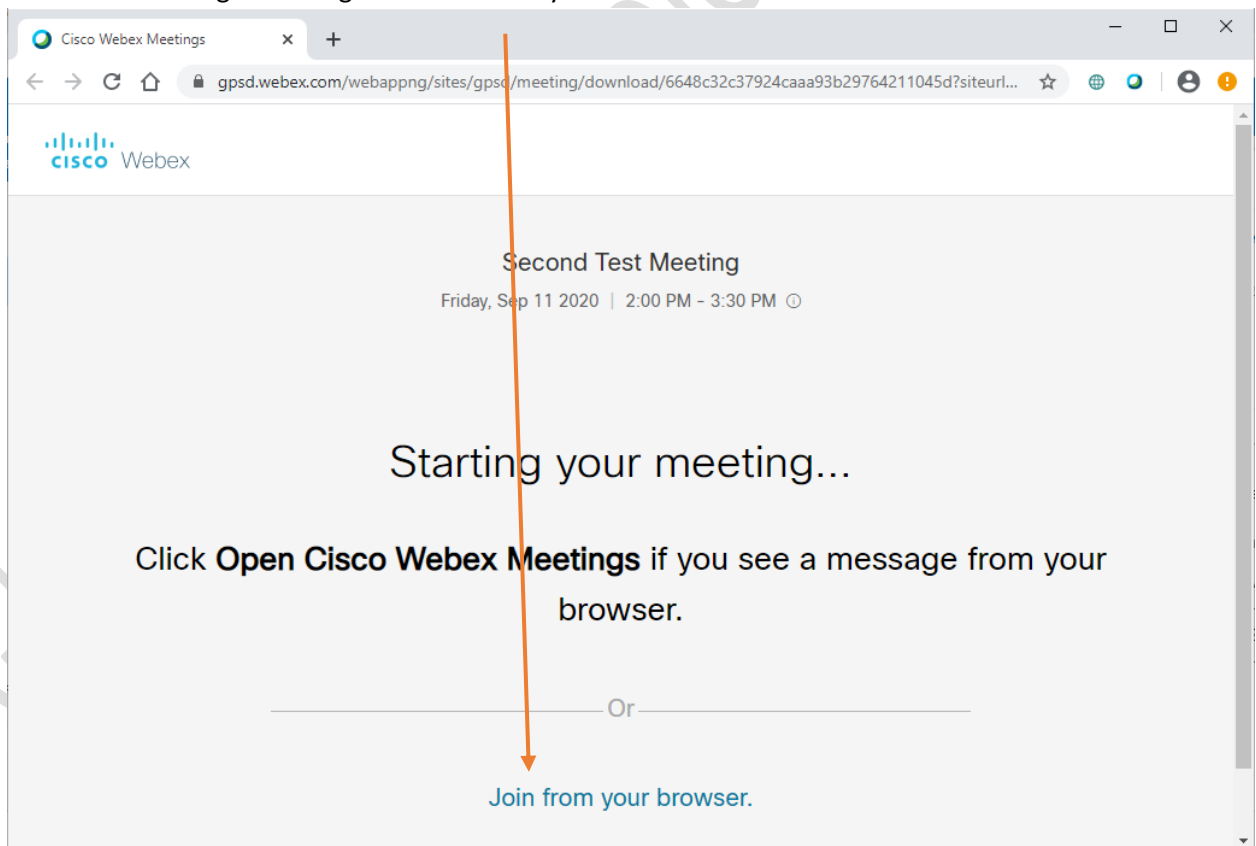

2. Click "Add to Chrome" → then click "Add extension" (shown below)

3. Cisco WebEx extension should now successfully be installed into your Chrome Browser
4. If prompted to "Turn on sync", click the X in upper right corner

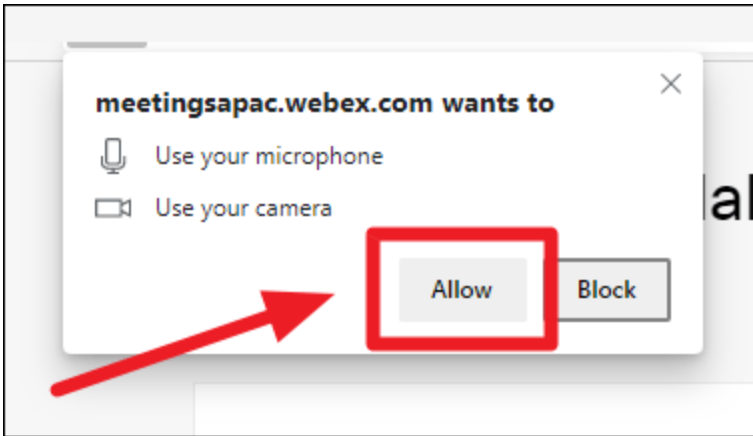

5. Return to your WebEx meeting invite and join the meeting
6. When the meeting is starting click "Join from your browser"

7. When prompted enter your name and school email address (jane.doe@student.gpsd.us)

8. **If prompted for gpsd.webex.com to “Use your microphone” and “Use your camera” (shown below) click “Allow” **

9. Click Join Meeting
