II. Terms of Student Laptop Loan

A. Issue of Student Laptop: Glassboro Public School District (GPSD) will assign one Student Laptop to individual students and will record the assigned laptop serial number. The student will retain possession of the Student Laptop for the remainder of the school year in which it was issued, or until the student withdraws from school. The Student is responsible for bringing their assigned Student Laptop to school every day, taking their Student Laptop home each day, and ensuring the laptop is charged for use the following day. The Student Laptops are not to be left unsupervised at home or at school in unsecured locations. The Student's parents / guardians may NOT bring to school the Student Laptop if the Student forgets and leaves theirs at home that day. Building Administrators will not take steps to get the Student's laptop to them. All teachers have printed-out versions of work being completed in class; thus, the Student is required to complete that day's work by hand and may turn that work in as the completed assignment. If the Student neglects to bring the Student Laptop to a class, they may be subject to consequences related to the code of conduct and school policies. Consequences may be addressed by their teacher, staff, or by building administration. Students need to understand that leaving the Student Laptop at home / not bringing the Student Laptop to class is equivalent to leaving a required textbook or school supplies at home or not bringing them to class. Student laptops, chargers, carrying cases, etc., will be stored by the school over the summer months.

B. Charger: Students will be issued one charger with their Student Laptop. Students are responsible for returning the charger at the end of the school year in which it was issued. C. Carrying Case: Students will be issued one carrying case for the Student Laptop. No other case shall be used to carry the Student Laptop. No other materials, such as textbooks, pencils, personal items, should be stored in the case. No stickers shall be placed on the carrying case, or the Student and their parent / guardians will be responsible for replacement cost of the case—listed in *Section VII Letter D "Financial Responsibility."*

D. Operating System: Student Laptops run a district-issued Windows Operating System and most applications are web-based. Student Laptops also have web-filtering and antivirus services. Additionally, all Student Laptops have a tracking and monitoring system that is activated when the Student Laptop is logged on. The school does not have remote access to the web camera installed on each Student Laptop (see Section IV Safety and Security).

E. 1:1 Device Agreement: All students and their parent / guardian must sign agreements to abide by the district's technology use and district-issued technology agreement to participate in Glassboro Public School's Student Laptop Initiative.

F. User Fee: All students must pay the Annual Non-refundable Mandatory User Fee of \$20 in order to receive a Student Laptop. Details of the User Fee are in Section VII User Fee, Damages, and Loss of this handbook.
